Dear Student:

On behalf of the faculty and administration I would like to welcome you to Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary (YFR/DARS).

You have been admitted to the Seminary on the basis of your record of scholarly achievement and your adherence to a life of traditional values. Your decision to pursue advanced Torah studies at YFR/DARS demonstrates serious interest in, and commitment to, Torah scholarship.

There will be much expected of you in terms of commitment and serious effort, but much will also be offered to you: the opportunity to pursue an education with experienced and deeply dedicated Rebbeim and Maggidei Shiur, and a Rosh HaYeshiva who will take a personal interest in each and every one of his Talmidim. Our faculty has chosen Torah and Torah education as their life, and their goal is to make it a very important part of yours.

You are in a critical phase of your development. Many important decisions await you in the years that you will be with us at YFR/DARS. These critical matters will be illuminated by the Derech Hachayim that we hope to help you mold. It will be a challenging and exciting few years. We are happy to be sharing them with you. Remember that the faculty and administration are here to help you and want you to take full advantage of their guidance and their concern for you.

Wishing you well in your studies and in all future endeavors,

Placement Disclaimer

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary is an academic institution and does not provide vocational training nor does it guarantee employment or placement to students who complete its programs.

Introduction

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary views itself as a link in the distinguished tradition of European Mussar yeshivos, albeit redefined in a form appropriate to the American milieu. Its goal is the same as that of the first Mussar yeshiva opened so many years ago by the students of Rav Yisroel Salanter – to awaken and mold Torah awareness in its students, and through the students, in Jewish life throughout the world.

Gearing its mission in the direction shaped by the Navaradok school of thought, Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary believes these goals can be accomplished by consciously striving to develop each student's personality, nurturing his idealism and taking into account his sensitivities in a genuine Torah atmosphere. This delicate process includes bringing each student into contact with authentic Torah personalities who are happy and complete human beings.

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary works to achieve these lofty goals, generally while allowing each student to remain a member of his parental household and the larger community. As much as possible, the growth of each student takes place in the context of the real world, not in an ivory tower, and thus becomes a permanent acquisition.

Mission

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary seek to train students in the skills required for understanding, studying and mastering the Talmud and the considerable body of traditional Jewish thought. At the same time, we are committed to the understanding that knowledge is a means to a larger end. We seek therefore to help students build a Torah Hashkafa, a world outlook drawn from the ethical and moral concepts of Judaism. If scholarship is to have a significant value, it must orient its students to a way of life that, by its own definition, is good and moral.

Campus and Facilities

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary is located at 802 Hicksville Road, Far Rockaway, New York, 11691, in the New York metropolitan region in the town of Far Rockaway. A modern building provides a safe and comfortable environment for learning and growth. The updated Beth Medrash study hall comfortably accommodates the entire student body at their study tables. Meals are freshly prepared in the two well equipped kitchens, and served in the spacious dining room.

The residence hall, located a block away from the Seminary, offers comfortable accommodations and contemporary furnishings. Lounge space in the building allows the students to meet and share discussions, while a bank of utilities is provided for students to wash their clothing, prepare light snacks and care for other personal needs.

A nearby yard is available for sports and leisure activities. Students also have access to a full range of recreational facilities through a cooperative arrangements with local recreation centers.

Library

The library collection reflects Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary's philosophy of Talmud education, which is to focus students' attention on primary sources of Torah scholarship. Our style of Talmud study favors an intensive study of the text and close analysis of the reasoning that underlies specific Talmudic principles. At the undergraduate level, we seek to train the student not so much in extensive secondary research as on developing his own reasoning and analytical skills. There is no substitute for deep immersion in the basic sources.

Therefore, our library collection is carefully selected and focuses on the principal sources of Talmud scholarship, the Rishonim. This collection is supplemented with a discriminating chosen group of Acharonim and a good selection of volumes on Halacha, Mussar, and Bible.

The library collection is housed on the open shelves of the Beth Hamedrash and the adjacent Otzar Hasforim, and is readily available to all students during the study hours. Students may not remove any of the books from the study hall without specific permission to do so. It is not a reading library, and contains no materials for entertainment or diversion. Its sole purpose is to aid students in their Torah studies, and it focuses on the reference materials required by the undergraduate Torah researcher.

Textbook Information

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary offers a highly specialized program of study in Talmud and related subjects. All textbooks are readily available for use on open stacks in the study hall and school library. Students who wish to purchase their own copies of the texts studied may purchase them from one of the Judaica bookstores stores in the area.

Many students prefer to have their own Gemara and a Kovetz Miforshim which cost between \$35 and \$55 each, depending on the publisher and edition. Most texts used in the program are reprints of the Talmud and other classical texts that do not have ISBN numbers.

Transfer Credit Policy

Credits may be granted, at the discretion of the Yeshiva, for study and courses taken at another postsecondary institution of Talmudic Studies providing the following conditions are met:

- The credits transferred must be based on study similar in content, style and academic rigor to the study offered at the Yeshiva.
- The student must have achieved a grade that would have enabled him to pass a similar course at the Yeshiva.
- All credits must be properly documented.
- Transfer credits accepted are counted toward both the number of attempted credits and the number of credits earned by the student.

An evaluation may be performed that assesses the student's competency in reading and interpreting Talmud and measures analytical skills and critical thinking and reasoning abilities. The evaluation ascertains the level and type of study appropriate for the students in Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary. The student is then awarded credits by evaluation.

To earn a First Talmudic Degree at Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary, students must fulfill a minimum academic residency requirement of 30 credits earned at Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary.

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary does not have any articulation agreements with regard to whether the Yeshiva will accept credits from other institutions nor with regard to whether other institutions accept the Yeshiva's credits. Before enrolling in the institution, students should be sure that their attendance will help them reach their educational goals.

Please be advised that the transferability of credits and acceptance of the degree earned at Yeshiva of Far Rockaway are at the complete discretion of an institution to which a student may seek to transfer. If the credits or the degree earned at this institution are not accepted at the

institution to which a student seeks to transfer, he may be required to repeat some or all of the coursework at that institution.

Rules and Regulations

Attendance

Attendance is expected at all regularly scheduled classes. Excessive unexcused absences may be grounds for grade reductions, loss of course credit, dismissal, or other disciplinary action.

Leave of Absence

Under specific circumstances, a student may be granted an approved leave of absence for Title IV purposes. To request a leave of absence, the student must follow the procedures listed below:

The student must submit a request for a leave of absence in writing to the Rosh HaYeshiva, Rabbi Yisroel Moshe Perr. The request must include the reason for which the student is requesting a leave of absence, and must be signed and dated. The request will be reviewed by the Rosh HaYeshiva within ten days of submission. The request and the determination will be forwarded to the registrar's office and placed in the student's academic file. Notification will also be sent to the student and the financial aid office.

The student must submit the request and receive approval prior to beginning the leave of absence. The exception would be unusual circumstances when it is impossible for the student to do so, i.e. if the student was in a car accident or other unforeseen emergency/disaster. If unforeseen circumstances prevent a student from providing a prior written request, the institution may grant the student's request for a leave of absence. In this case, the institution will document its decision and collect the written request at a later date.

A student will only be granted a leave of absence if it can be reasonably expected that he will return from the leave of absence on time. The leave of absence, together with any additional leaves of absence, must not exceed a total of 180 days in a 12 month period. Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary will not assess the student any additional institutional charges or award the student any additional Title IV aid during this time period. Upon the student's return from the leave of absence, the student must resume his coursework at the same point in the academic program that he began prior to the leave of absence.

Students on an approved leave of absence will not be considered withdrawn from the institution and no refund calculations will be made for Title IV financial aid received. Students who do not resume attendance at the institution at or before the end of a leave of absence will be considered withdrawn from the institution as of the initial start date of the leave of absence and refunds will be calculated accordingly.

Rules of Conduct

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary is a close-knit community of faculty, students and administration. Like all families, there are rules that must be followed for the general good. All students must observe the rules of Halacha and conform to Yeshiva practice. The study of Bible, Talmud, and Jewish Philosophy must be connected to an encompassing objective of ethical behavior and high moral character. The goal of such study is seriously compromised by inappropriate and unethical behavior. Thus the first set of rules is those delineated in the Shulchan Aruch. No student who knowingly and consistently violates Halachic law can be comfortable at Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary; nor, of course, can we accept such behavior. Laws governing behavior `bain adam l'chaveiro' must be scrupulously followed, with the same commitment as those governing the relationship between man and G-d. Nothing less is acceptable from students who aspire to study Torah and represent its values.

Students violating college rules, whether on campus or off, will be liable to disciplinary action ranging from admonition and academic warning to censure and disciplinary probation or suspension.

Grounds for Dismissal

Students are expected to keep the hours of the Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary study schedule, and attend all required lectures. They are also required to take oral examinations.

Students not consistently adhering to school regulations may be placed on probation. If improvement is not seen, the Dean will give the student notification that dismissal is under consideration.

Further grounds for dismissal are if the student persistently violates yeshiva rules and discipline, or for a serious breach of character or moral conduct as defined by the Shulchan Oruch. It

should be noted that dismissals are extremely rare as every effort is made to accept students of high character and diligence.

Academic Progress

Grading System

The grading system followed at Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary is based on a combination of criteria. These include an evaluation by instructors of the student's classroom participation and performance, oral and written examinations, and diligence in individual study.

Rather than basing grades on a precise numerical average, Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary employs a grading system that is used by other institutions of higher education.

Essentially, this system provides for the following course grades:

A	4.0	C	2.0
A-	3.7	C-	1.7
B+	3.3	D	1.0
B	3.0	I (Incomplete)	not included in calculation of GPA
B-	2.7	W(Withdrawn)	not included in calculation of GPA
C+	2.3	F (Fail)	0.0

The grade point average (GPA) is established by multiplying the grade point equivalent of each course with a valid grade by the number of credits that course yields. The products are then added together, and the sum is divided by the total number of credits from all the courses.

Courses with a grade of incomplete or withdrawn do not affect the GPA. However, courses with a grade of fail, whether earned or unearned, are included in the GPA calculation. If a student receives failing grades for all of his courses, the student will generally be considered as having unofficially withdrawn unless there is evidence that he completed the semester.

Sample GPA Calculation:

A-	6 (credits)	x	3.7	= 22.2
B+	4 (credits)	x	3.3	= 13.2
C	1 (credits)	x	2	= 2.0
A	1 (credits)	x	4	= 4.0
	12 (credits)			41.4

Divided by 12 Credits for the Semester = 3.45 GPA

Satisfactory Academic Progress Policy (SAP)

All matriculated students pursuing an approved program at Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary are required to maintain satisfactory academic progress toward graduation, which in this institution is defined as being in good academic standing as detailed below.

The SAP standards required for students receiving Title IV federal financial aid are the same for all matriculated students at Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary. Satisfactory academic progress at Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary has two principal components: a qualitative standard and a quantitative standard:

At the end of each semester, a report is generated which indicates whether or not each student is meeting SAP requirements. If a student is readmitted to the school the student’s academic file is evaluated to determine if the student is meeting satisfactory academic progress requirements.

- **Qualitative Standard**

In pursuit of graduation, the student must achieve a cumulative grade point average (GPA) of 2.0 (the equivalent of a “C” average) or better. Each student is evaluated at the end of each semester and is expected to maintain a minimum cumulative GPA of 2.0.

Semester grade point averages will be calculated according to the following numerical equivalents:

A	4.0	B+	3.3
A-	3.7	B	3.0

B-	2.7	D	1.0
C+	2.3	W	not included in calculation of GPA
C	2.0	I	not included in calculation of GPA
C-	1.7	F	0.0

The GPA is established by multiplying the grade point equivalent of each course by the number of credits it yields. The products of each course are then added together. The sum is then divided by the total number of credits earned in the semester.

Credit hours with a grade of Incomplete and Withdrawn are not included in the determination of the grade point average. Credit hours with a grade of fail, whether or not the Fail is earned or unearned are included in the determination of the grade point average. If a student receives failing grades for all of his courses, the Registrar will determine whether or not the student completed the semester.

- **Quantitative Standard**

- **Maximum Timeframe- measured in credit hours**

Students must make sufficient progress through the academic program to complete the program with a maximum attempted credit ceiling equivalent to 150% of the published length of the program in credit hours.

- **Pace of Completion**

A student must earn 67% of his cumulative attempted credits. The student's cumulative earned credits are divided by the student's cumulative attempted credits to determine if the student is progressing through the academic program at a pace sufficient to complete the program within the maximum time frame. If the number of credits earned divided by the number of credits attempted is 67% or greater, he is determined to be meeting the quantitative standard.

When SAP Is Not Met

Warning

If a student falls below the SAP standards, he will be notified that he is being given a warning period which will last one semester. The student will also be notified that he has the option of appealing his lack of satisfactory academic progress at any point. During the warning period, a

designated faculty member may counsel the student and assist the student to improve his performance. The student may be provided with various student services that might include tutoring, scheduling accommodation, or other academic assistance. If, after this warning period SAP standards are still not met, he will be subject to academic discipline which may include loss of TAP eligibility, expulsion or suspension from the institution.

Federal Financial Aid Warning

For continued eligibility for federal financial aid programs, if a student falls below the satisfactory progress standards, he will be given a period of financial aid warning during which time he maintains federal financial aid eligibility. The warning period will last for one semester. During the federal financial aid warning period, the student will receive the counseling described above. If, after this federal financial aid warning period, satisfactory progress standards are still not met, the student will be notified that he will no longer be eligible for financial aid. The student will also be notified that he has the option of appealing his lack of satisfactory academic progress in order to be granted a probationary period.

Appeals Process, Mitigating Circumstances

A student may appeal the institution's determination that he is not making satisfactory academic progress. Basis for appeal include the death of a relative, an injury or illness of the student, or other special circumstances. The student must submit the appeal in writing to the administrative office. In the appeal, the student must describe why he failed to make satisfactory academic progress, and what has changed in his situation that will allow him to demonstrate satisfactory academic progress at the next evaluation. The senior faculty member will consider all information provided by the student and will consult with faculty members, as appropriate. If it is determined that the appeal should be accepted, then the senior faculty member will determine whether or not the student will be able to meet the standard SAP requirements of the institution by the end of a one semester probationary period. If it is determined that the student will be able to meet the standard SAP requirements after the probationary period, the student will be placed on academic probation as described below. If it is determined that the student will be able to meet the standard SAP requirements of the institution by the end of the probationary period with a customized study plan, then the student will be placed on academic probation with a study plan, as described below.

If the appeal is accepted, the student will be granted a semester of academic probation or academic probation with a study plan, as described below. If the appeal is not accepted, the student will be subject to academic discipline, which may include expulsion or suspension from

the institution. He will also be ineligible for federal financial aid until he reestablishes eligibility as described below in the section entitled "Reinstatement." The final decision (denial of appeal, academic probation, or academic probation with a study plan) will be conveyed to the student in writing.

Academic Probation

If after the period of warning, a student is still not making SAP and successfully appeals the lack of SAP, and it is determined that the student will be able to meet the standard SAP requirements after a probationary period, the student will be placed on academic probation. The period of academic probation is one semester during which the student has the opportunity to attempt to meet the SAP standards of the institution. The student can request counseling to assist him to improve his performance. In addition, the student may request to be provided with various student services that might include tutoring, scheduling accommodation, or other academic assistance.

Academic Probation With a Study Plan

If after the period of warning, a student is still not making SAP and successfully appeals the lack of SAP, and it is determined that the student will not be able to meet the standard SAP requirements after a probationary period, the student will be placed on academic probation with a study plan. For a student on academic probation with a study plan, a senior faculty member will develop a study plan in conjunction with the student and other faculty, as needed. The study plan will include a customized plan for the SAP standards (as well as other academic provisions to assist the student in meeting those standards) that ensures that the student is able to meet the school's satisfactory progress standards by a specific time, though an academic plan could take the student all the way through successful program completion.

Reevaluation After a Probationary Period

At the end of the probationary period, the student's satisfactory academic progress will be reevaluated. If the student is now meeting the standard SAP requirements of the institution, or is meeting the SAP standards of his study plan, he will be considered as meeting satisfactory academic progress. If, after the period of probation, the student's academic performance still fails to meet the academic progress standards of the institution, or the provisions of his study plan, he will be subject to academic discipline which may include expulsion or suspension from the institution, and he will be ineligible to receive Title IV federal financial aid.

Reinstatement for Federal Financial Aid

A student who became ineligible for federal financial aid because he was not meeting satisfactory academic progress standards, has the opportunity to reestablish eligibility. Eligibility is reestablished by meeting institutional SAP standards. The financial aid office will receive notification of each student's status at the start of each semester, and the student will be notified that he may once again receive aid from the Title IV programs.

Incompletes

If a student has not completed all required course work for a particular course, he may have additional time (before the completion of the next term of study) to complete the work. A grade of incomplete will only be assigned with a documented plan from the instructor detailing course work that must be completed. In the interim, those course grades are marked as incomplete. Courses in which a student receives a grade of incomplete are not included in the GPA as long as the Incomplete remains on the transcript. The courses marked incomplete are included in the student's number of credits attempted but not credits completed. A grade of incomplete will be replaced with a grade at the conclusion of the period of time given for the work to be completed.

Withdrawals From a Course

A student who withdraws from a course(s) will have the course recorded as Withdrawn. This grade will not be counted in the student's GPA. However, the course(s) will be counted towards the student's number of credits attempted but not completed.

Transfer Credits and Satisfactory Progress

Transfer credits are not included in the GPA calculation; however, they are counted toward both the number of attempted credits and the number of credits earned by the student.

Repetitions

All repeated courses are counted in the number of the student's attempted credits, and are included in the student's GPA, including failing grades. A student repeating a course must remain within the time frame required for SAP standards.

For Title IV awarding purposes, a repeated course in which the student has already received a passing grade is counted towards the student's enrollment status only the first time the course is retaken. A repeated course in which the student received a failing grade is always counted

towards the student's enrollment, regardless of how many times he repeats that course in an attempt to pass.

For TAP grant awarding purposes, repeated courses in which the student has already received a passing grade cannot be counted towards the student's enrollment status. Repeated courses may be counted towards the student's enrollment status if a student repeats a failed course, if a student repeats the course for additional credit, or when a student has received a grade that is passing at the institution but is unacceptable in a particular curriculum.

Change of Major

All credits attempted are included in making a student's SAP determination, regardless of any subsequent changes in major, if applicable.

ESL/Noncredit Remedial Courses

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary does not offer any ESL or non-credit remedial courses.

Good Academic Standing for the New York State Tuition Assistance Program (TAP)

To maintain eligibility for TAP a student must be in good academic standing, which includes two elements: pursuit of program and satisfactory academic progress.

Pursuit of program is the requirement that a student receive a passing or failing grade (A-F letter grade) in a certain percentage of courses each term, depending on the number of TAP awards he has received. The percentage is determined according to the following schedule:

Number of Payment	Must Receive a Grade for
<i>Semester</i>	
1, 2	50% of minimum full-time requirement (six credit hours on a semester calendar)
3, 4	75% (nine credit hours)
5 or more	100% (12 credit hours)

Satisfactory academic progress is the requirement that a student accumulates a specified number of credits and achieves a specified cumulative grade point average each term, depending on the number of state award payments he has received.

First Talmudic Degree Program

Semester										
Before being certified for this payment	1st	2nd	3rd	4th	5th	6th	7th	8th	9th	10th
Student must have accrued at least this many credits	0	6	15	27	39	51	66	81	96	111
With at least this GPA	0	2.0	2.0	2.0	2.0	2.0	2.0	2.0	2.0	2.0

Good academic standing is assessed each term. Students must meet both Pursuit of Program and Satisfactory Academic Progress requirements for that term to be considered in good academic standing. Students who lose good academic standing in a term when they received a TAP grant are not eligible for an award for the next term.

Students who have lost good academic standing may restore this standing in one of the following ways:

- make up past academic deficiencies by completing one or more terms of study without receiving a TAP grant;
- be readmitted to school after an absence of at least one calendar year;
- transfer to another TAP eligible institution; or
- be granted a waiver.

Waivers

There are two types of waivers for students who do not meet Good Academic Standards.

One-time Waiver – this one-time waiver may be issued if an institution determines that there are extenuating circumstances which would justify the waiver. Situations that justify a waiver are those beyond the student’s control, rather than chronic circumstances that cannot be remedied.

This provision applies to students who failed to make satisfactory academic progress, pursuit of program, or both. With the additional term that results from approval of the waiver, the student should be able to regain good standing.

When a student submits a request for a one-time waiver, the institution will review the documentation and discuss with the student whether the approval of a one-time waiver is in his best interests. If the waiver is granted, the school will enter a "W" in the waiver column on the payment roster.

C-Average Waiver - the C-average requirement may be waived for undue hardship based on the death of a student's relative, the student's personal illness or injury, or other extenuating circumstances.

The C-Average waiver will be documented and will relate to circumstances that have affected the student's ability to achieve a cumulative C-average as of the end of a particular semester or term. If warranted, a C-average waiver may be granted more than once. C-average waivers are not reported in the certification process.

The institution will maintain a clear, accurate, and complete record of documentation for any waiver granted. Waivers are not granted automatically and are intended only to accommodate extraordinary or unusual cases.

Tutoring Services

Although there is no formal tutoring program in place, the administration will seek to aid students requiring additional assistance by finding them suitable tutors.

Health Services

In the event of a medical emergency, students and administration are encouraged to call Hatzala, the local volunteer ambulance corps at 718-387-1750. There are several local doctors the students will be referred to in emergency situations. They include Dr. David Rhein (718) 471-0680, Dr. Hylton Lightman (718) 868-4808 and several specialists whose information is listed in the office. The office also maintains a first aid kit for students' use.

Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. The written request should also specify the purpose of the disclosure and the parties to whom the disclosure may be made. The request must be signed and dated.

If, after reviewing the request, the school decides not to amend the record as requested Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary will notify the student in writing of the decision and of the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student at that time.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official may include a person employed by the school in an administrative, supervisory, academic, research, or support staff position

(including law enforcement personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may be a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the school.

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary to comply with the requirements of FERPA.

Students may file a complaint with the Student Privacy Policy Office (SPPO) at <https://studentprivacy.ed.gov/file-a-complaint>. Complaint forms may also be accessed at [Family Educational Rights and Privacy Act Complaint Form](#) and emailed to FERPA.Complaints@ed.gov, or mailed to the following address:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Ave, SW
Washington, DC 20202-8520

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to maintain a record of any disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student —

- To other school officials, including teachers, within Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the

school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met. (§ 99.31(a)(1))

- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2))

Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§ 99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7))
- To either parent of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena, to proceed with or defend against the legal action. (§ 99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to § 99.36. (§ 99.31(a)(10))
- The information the school has designated as "directory information" under § 99.37. (§ 99.31(a)(11)): name, student status, marital status, spouse's name, telephone number, address, date of birth, place of birth, dates of attendance, degrees granted, dates degrees granted, names of prior institutions attended, chavrusas, chaburas, roommates, photos, videos, dormitory building/room numbers, seat information, parents' and parents in-law's names, addresses, occupations, congregations, and similar background information.

Note: Students have the right to restrict the sharing of directory information. Students who wish to make such a request must contact the registrar's office, and submit the request in

writing within 90 days from the beginning of the semester. Once a student requests that the school not disclose directory information, this hold on sharing directory information will remain in place until revoked by the student in writing. Requests cannot be put into effect retroactively.

- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of § 99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§ 99.31(a)(13))
- To the general public, the final results of a disciplinary proceeding, subject to the requirements of § 99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school's rules or policies with respect to the allegation made against him. Financial Aid

Yeshiva of Far Rockaway utilizes the services of Higher Education Solutions, a financial aid consulting firm with many years of experience in the field. The institution offers a variety of federal and state financial aid programs to its students. Higher Education Solutions oversees the administration of the programs.

Any student who has difficulty meeting his educational costs at Yeshiva of Far Rockaway may contact Rabbi Shayeh Kohn at the financial aid office. The office is open during regular business hours, and can provide information about the available financial aid options.

These options may include a “financial aid package” comprised of grants and scholarships. This package consists of the amount of federal and state aid and any scholarships that are offered to an eligible student by the institution to help pay for his education. The institution may also offer a deferred payment plan, which allows the student to spread out the cost of tuition over a period of time.

Federal and State grants are need based, and do not need to be repaid. Similar to grants, institutional scholarships are need based and do not need to be repaid. These programs are explained in detail below.

Federal Financial Aid

In order to qualify for federal financial aid programs, a student must:

- demonstrate financial need for need-based federal student aid programs;
- be a U.S. citizen or an eligible noncitizen;

- have a valid Social Security number (with the exception of students from the Republic of the Marshall Islands, Federated States of Micronesia, or the Republic of Palau);
- be enrolled or accepted for enrollment as a regular student in an eligible degree or certificate program;
- maintain satisfactory academic progress in college or career school;
- provide consent and approval to have his federal tax information transferred directly into his 2024–25 *Free Application for Federal Student Aid* (FAFSA) form, if applying for aid for July 1, 2024, to June 30, 2025;
- sign the certification statement on the FAFSA form stating that he is not in default on a federal student loan, does not owe money on a federal student grant, and will only use federal student aid for educational purposes; and
- show he is qualified to obtain a college or career school education by:
 - ❖ having a high school diploma or a recognized equivalent such as a General Educational Development (GED) certificate;
 - ❖ completing a high school education in a homeschool setting approved under state law (or—if state law does not require a homeschooled student to obtain a completion credential—completing a high school education in a homeschool setting that qualifies as an exemption from compulsory attendance requirements under state law); or
 - ❖ enrolling in an eligible career pathway program and meeting one of the "ability-to-benefit" alternatives.

Applying for Federal Financial Aid

To apply for financial aid, a prospective student should complete a FAFSA form, which is available at the financial aid office. The completed application should then be mailed to the designated address. Alternatively, the student can submit the application through FAFSA on the Web at <https://studentaid.gov/h/apply-for-aid/fafsa>.

In addition to the FAFSA form, the student may be required to supply additional documentation, such as a Verification Worksheet, W2 forms, and/or Tax Returns/IRS Tax Transcripts, to verify the information reported on the FAFSA.

Awards are made for one academic year at a time, and are not automatically renewable. Students must reapply each year before the application deadline, as noted below.

Federal Financial Aid Need

Eligibility for Title IV federal programs is based on a process called need analysis. Need analysis is the process of assessing the amount of assistance a student will require to supplement the resources expected to be available from the student and his parents, if applicable.

The student's need is calculated based on the formulas developed by the Department of Education. Need is determined by subtracting the contributions expected from the student and his parents, if applicable, from the total cost of attendance (COA). The total financial aid awarded to a student usually cannot exceed the student's need.

To calculate need, a determination is first made as to whether the student is dependent or independent of his parents, as determined by the answers to specific questions on the FAFSA. The student is advised to read the FAFSA instructions carefully before answering any questions, and to consult with the institution's financial aid staff if needed.

Once dependency is determined, the student's contribution is assessed. For an independent student, the student's contribution is based on his (and his spouse's) income as reported on his tax return, and assets, as applicable. Certain allowances are allocated against his income, such as income protection allowance (IPA), which is a living allowance based on family size, taxes paid and other relevant factors.

For a dependent student, his contribution is based on his income, as reported on his tax return, and assets, as applicable. Certain allowances such as an IPA and other relevant factors, as previously described, are allocated against his income. A parental contribution is also assessed, based on his parents' income, as reported on their tax return, and their assets, as applicable. Allowances are allocated against his parents' income, as detailed above

The parental contribution, where applicable, is added to the student contribution, to yield the Student Aid Index (SAI).

The student's budget or cost of education is calculated based on the COA plus a standard allowance for living expenses, which depends on whether the student lives on campus, with his parents, or has other arrangements. The SAI is then subtracted from the student's total budget. The result is known as the student's "need".

Under certain circumstances, based on poverty guidelines, the student may automatically be eligible for a maximum or minimum Pell grant (max or min Pell).

Professional Judgment

In addition to the financial aid “need” process described above, there are additional circumstances that may be considered under a process known as professional judgment (PJ). There are two categories of PJ, special circumstances and unusual circumstances.

To initiate a PJ request for special circumstances, the student and/or his parent must submit documentation of these circumstances to the financial aid office. Among other changes that could impact the student’s ability to pay for college, special circumstances might include a change in employment status, income or assets, medical expenses not covered by insurance, or severe disability of the student or other member of his household. These expenses can be taken into account by the financial aid staff to adjust the data elements in the COA or in the SAI calculation. This process can be initiated at the parent’s or student’s request after the student’s initial eligibility has been determined, and verification has been completed, if applicable.

The category of unusual circumstances refers to conditions that justify a financial aid administrator (FAA) adjusting a student’s dependency status based on a unique situation, more commonly referred to as a dependency override. Examples of unusual circumstances could include human trafficking, refugee or asylee status, parental abandonment or incarceration. If a student indicates they have unusual circumstances, the FAFSA Processing System (FPS) will consider the student to be provisionally independent and will allow them to fill out the FAFSA form as an independent student. The student will then submit any supporting documentation to the financial aid office for review. The FAA will assess the documentation and determine if the student’s circumstances make him eligible for a dependency override.

A student may have both a special circumstance **and** an unusual circumstance. Financial aid administrators may make adjustments that are appropriate to each student’s situation with appropriate documentation.

Unaccompanied Homeless Youth

For the 2024-25 award year, a student is independent if, at any time on or after July 1, 2023, the student was determined to be an unaccompanied youth who is homeless or is self-supporting and at risk of being homeless. A student may self-report his independence due to homelessness by indicating on the FAFSA form that they have a determination from one of the following entities:

- a local educational agency homeless liaison (or designee), as designated by the *McKinney-Vento Homeless Assistance Act* (42 U.S.C. 11432(g)(1)(J)(ii));
- the director (or designee) of an emergency or transitional shelter, street outreach program, homeless youth drop-in center, or other program serving individuals who are experiencing homelessness;

- the director (or designee) of a Federal TRIO program or a Gaining Early Awareness and Readiness for Undergraduate program (GEAR UP) grant; or
- an FAA at another institution who documented the student's circumstance in the same or a prior award year.

If a student indicates on his FAFSA he is unaccompanied and homeless, or at risk of being homeless (without a designation from a specified entity), the FPS will allow him to complete the form without parent information. The institution's FAA will review the student's circumstances and make a case-by-case determination of homeless youth status based upon a written statement from or a documented interview with the student.

If a student is determined to be independent due to his unaccompanied homeless youth status, the institution will presume him to be independent for each subsequent award year at the same institution, unless the student informs the school that his circumstances have changed, or the school has conflicting information.

Federal Application Deadline

While FAFSA applications may be submitted until June 30, 2025, students may be required to submit their application earlier, as the application must be processed, and a valid SAI received while the student is still enrolled. Students are urged to submit their applications as early as possible. Late submissions may delay the processing of a student's application. More important, the funds for some programs are limited and will be distributed with priority given to those students who submit their application in a timely fashion.

Only in specific situations may a student update or be required to update certain types of information that he has entered on his application, such as dependency status and household size. Any such changes should be discussed with the financial aid office.

Federal Aid Programs

Federal Pell Grant Program

The Federal Pell Grant Program provides grants to undergraduate students. These grants do not have to be repaid. This program is an "entitlement" which means that each eligible student who attends an eligible institution and applies on time may receive a Federal Pell Grant. The maximum grant for a fully eligible student is \$7395 per award year, which is 100% of the scheduled award. The amount that each student is eligible for is based on the SAI, which is generated by a federally mandated formula, as explained above.

Financial aid disbursements in the Federal Pell Grant Program are scheduled at the beginning of each semester, provided that all paperwork has been submitted and is complete. A student generally receives half of his scheduled award during the first semester and the other half during the second semester.

With the availability of Year-Round Pell, students can receive Federal Pell Grant funds for up to 150% of their Pell Grant Scheduled Award for an award year. An eligible student may receive a Federal Pell Grant for the summer semester, even if he received 100% of his scheduled Federal Pell Grant award during the fall and spring semesters.

Students whose paperwork is completed during the second or third semester may be paid retroactively for previous semesters in the same academic year.

The amount of Federal Pell Grant funds a student may receive over his lifetime is limited by federal law to 600%. If a student's lifetime eligibility used (LEU) equals 600%, the student can no longer receive Pell Grant funding.

Payments from the Federal Pell Program will either be made by credit to the student's tuition account or by direct disbursement to the student. Students will be informed in writing of the expected amount of these payments. Students may inspect their tuition records during regular business hours at the business office.

The Campus-Based Programs

The Campus-Based Programs are a group of programs funded under Title IV. The campus-based program in which the institution participates is:

- FSEOG - Federal Supplemental Educational Opportunity Grants

In this program, fixed sums are allocated to each school based on various factors, including its size. The institution analyzes the need of all eligible financial aid applicants whose paperwork is completed in a timely manner, and determines an equitable distribution of the funds available through the packaging process. Students who apply after the initial packaging deadlines, (as posted in the school), may be too late to receive any funds from these programs.

The Federal Supplemental Education Opportunity Grant is a campus-based grant program available to undergraduate students. Awards, when available, can range from \$100 to \$4,000 per award year.

Financial aid disbursements in the FSEOG Program are scheduled at the beginning of each semester, provided that all paperwork has been submitted and is complete. A student generally receives one half of his scheduled award during the first semester and the other half during the second semester. Students who complete their paperwork during the second semester may be paid retroactively for the first semester. However, students should keep in mind the strong likelihood that there may be limited FSEOG funds available by that time. FSEOG must be packaged and disbursed while the student is enrolled. Payments from the FSEOG program will be made by credit to the student's tuition account.

Generally, the funds are matched 25% non-federal funds to 75% federal funds. However, if in a particular academic year, the institution is granted a waiver of the nonfederal share requirement, the institution may choose not to provide the nonfederal match. Students will be informed of the expected amounts of these payments in writing, and may inspect their tuition records during regular hours at the business office.

NY State Tuition Assistance Program (TAP) Grants

TAP grants are available to assist eligible New York residents attending in-state postsecondary institutions to pay for tuition. TAP grants are based on the applicant's and his family's (if he is determined to be dependent) New York State (NYS) net taxable income.

Students meeting the NYS Dream Act eligibility criteria can apply for TAP by accessing the Dream Act Application online at <https://nysdream.applyists.net/Account/LogOn?ReturnUrl=%2f>

The application is simple and straightforward, and all information provided will be used only for determining eligibility and administering awards. Applicants without lawful immigration status will not be asked for their home address and will not have to upload financial records.

Once the student has submitted an application, it is the student's responsibility to monitor the status of the application and to make sure the application is complete. The student will be able to monitor the status of his application online after submitting the application and uploading any required documentation. The student will be notified by email when a determination has been made regarding his eligibility, at which point he will accept the award.

TAP Award Amounts and Disbursements

Yearly TAP awards range from \$1000 - \$5665. Award amounts are determined by:

- combined income, including family earned income and pensions;
- number of family members enrolled in college;
- financial status (dependent or independent);
- cost of tuition; and
- when the student started receiving TAP or other NYS awards.

Yeshiva of Far Rockaway will credit the TAP award to the student's tuition account within 7 days of when the school receives such payment, and will refund any funds due to the student as soon as possible, but not more than 45 days after the institution has credited the award to the student's account.

The institution defers term tuition charges in an amount equal to the award for all students who present valid award notification for a TAP award for that term or who appear on the payment roster. The institution may credit TAP payments toward charges the student has incurred for a future term provided that the term is already underway when the school receives the payment, and the balance for that term exceeds the amount deferred for that term based on the anticipated receipt of a TAP award.

The institution may credit funds toward a future term if the student authorizes the credit in writing. The authorization will remain in effect for the duration of the student's study unless revoked by the student. An authorization form will be made available to students at the time of admission.

Institutional Scholarships

Institutional scholarships may be available to students who have exhausted all other avenues of assistance and are still unable to pay their direct educational charges.

Students and their parents, if applicable, are expected to contribute towards the student's education, based upon their ability to pay, as determined by formulas explained above. Students who apply for other types of financial aid will automatically be considered for institutional scholarships. Students who do not apply for other financial aid programs may contact the financial aid office to apply for institutional scholarships.

Withdrawal, Institutional Refund, and Return to Title IV Policies

For the current refund and withdrawal policies, please refer to the yearly supplement of the catalog.

Educational Program

The academic program of study offered at Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary aims to develop in the student a sophisticated style of clear and precise scholarship that is rooted in the close study of the Talmud. It is expected that the student, in completing his degree, will emerge with a lifelong commitment to Torah scholarship and its centrality in Jewish life.

The program is constructed primarily around the intensive study of the Babylonian Talmud. Redacted in an era that did not see knowledge as a compartmentalized system of specialties, the Talmud represents a holistic approach to wisdom and ethical behavior. It is also an intricately complex arrangement of religious law, rabbinic exegesis and interpretation, and analytic debate. It represents the most comprehensive and authoritative source of Jewish law; a text whose every wrinkle and implication have been scrutinized and analyzed for close to two millennia.

Students undertaking this course of study will have already mastered an imposing set of skills. They will have spent considerable time studying Bible, Liturgy, Mishna, Mussar, Codes, as well as Hebrew and Aramaic language skills.

Students are assigned a prescribed program of study consisting of three courses in Talmud. These courses involve the students in a full range of traditional scholarship. Students are required to master specific content material as well as methodological concepts and reasoning skills.

The satisfactory completion of this program of 128 credits and maintaining a minimum of a 2.0 GPA, will qualify the student for a First Talmudic Degree and prepare him for a variety of professional positions in the fields of Jewish education and community service. It will also qualify the graduate for entry into recognized Talmudic Graduate Schools. There is only one major available, Talmud.

In the introductory level, students can take one of two track options. One includes an Ethics and Philosophy course sequence in addition to Talmud courses, and one includes Talmud courses only.

Frequency of Course Offerings

Students enrolled at Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary generally take the maximum number of courses offered each term at their grade level and progress toward their degrees in the time frame outlined in the sample curriculum. Courses are offered with enough frequency to enable students to complete the course requirements and graduate within the expected time frames.

Textbooks and Required Materials

All required texts can be found in the library and are available at all times for student use. Of course, students may acquire personal copies if they wish. No other materials are required.

Explanation of the Numbering System

Courses are given letter and number designations using the following system:

The first letter, T or E, represents the study of Talmud or Ethics and Philosophy; the first digit refers to the year of study (1-4). The second digit for Talmud courses indicates the intensity of the course - Intensive (1), Research (2), and Survey (3). The third and fourth digits for Talmud courses refer to the Tractate being studied (represented as ** in the course descriptions). The letter following the number indicates the semester, A - Fall Semester, B - Spring Semester and C - Summer Semester.

Course Descriptions

There are three courses of Talmud study at Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary each term: Talmud Intensive, Talmud Research and Talmud Survey. All courses are offered on a term basis, but the syllabus is covered over an entire year. Thus, while a student will complete three Talmud Intensive courses over a year, the process of progressive development and the utilization of new approaches will change from year to year as opposed to from term to term.

Talmud Intensive

These courses are characterized as “intensive”, since the focus is on intense analysis and in-depth understanding of the text of the Talmud. The first focus is on the principal Talmudic commentaries, published on each page of the Talmud, by the medieval scholars Rashi and the authors of Tosefos. This is supplemented by other scholarly commentary, referred to as *Rishonim* (lit. the “early” commentaries) and *Achronim* (lit. the “later” commentaries).

*Prerequisite: Talmud Intensive T21**B*

Talmud Intensive T31A**

Intermediate Talmud Intensive - 5 credits

While the first six terms of Talmud Intensive are devoted to developing in the student a solid approach to the Talmud text and its blatt (literally page) commentators, the third year introduces the student to the broader complexity of analytic study. Most Talmudic passages are descriptive, case study type presentations. The Rishonim literature seeks to trace out underlying principles from the case texts. The student will begin to research the early Rishonim and study their differing interpretive methodologies with regard to specific texts.

In the Talmud Research courses, study is intensive and thorough; however, it proceeds at a more rapid pace than in Talmud Intensive. This course of study is closely supervised and under the guidance of faculty members. Students prepare and review the daily reading assignment in the traditional *Chavrusa* method. Under the *Chavrusa* system, students study in pairs and then review together all aspects of the subject under study. Study partners amend, elaborate on, and crystallize each other's conclusions. When students do need assistance; they approach faculty members, who are always available to help with their questions.

Students will typically study other chapters of the Tractate than the ones studied in the other courses. The students – in Chavrusa pairs – study only the text of the Talmud and its single most important commentary – Rashi – covering as much material as possible. The goal of this course is to give students a broad background in Talmud. This is helpful both when comparing texts and when applying Talmudic sources in related fields.

It should be noted that while the evening Survey "Be'kius" course affords students the opportunity of covering a greater breadth of Talmudic learning than is possible in the morning (Intensive) and afternoon (Research) sessions, the principal emphasis in the Yeshiva's curriculum remains the intensive in-depth study of the Talmud.

Student Life and Services

Counseling

Yeshiva of Far Rockaway Derech Ayson Rabbinical Seminary is committed to developing students in both personal development and academic spheres. Students are encouraged to ask questions, share burdens, and discuss challenges that are concerning them. Counselors are available to explore such matters as vocational goals, career plans, marriage, further education, private concerns, academic problems, questions of ethics, and plans for the future or any other important subject. Students are offered answers that are rooted in traditional Judaism. Despite pressures of time and scholarly commitments, all members of the faculty are committed to maintaining a close relationship with the students and to providing them with their best guidance and advice.

Activities

To provide students with a recreational outlet, the institution has made arrangements for the use of sports and recreational facilities in the Far Rockaway area. Students are encouraged to use the exercise facilities in the gymnasium. There are also ball courts on campus.

Students are also encouraged to become involved in one of the Chesed groups, volunteer associations run by students for community service. Among the services for which students may volunteer are: charity work, assistance with the local Eruv, Israel charity work, Bikur Cholim activities such as visiting residents of the many homes for the aged, and the Gemilas Chesed Fund.
